More than a Mask

The BlackHawk is composed of five major components:

- Ultra Elite® Facepiece
- Two-Stage Regulators
- End-of-Service-Time-Indicator (EOSTI)
- Carrier and Harness Assembly
- Air Cylinder

#### Air Cylinders

The BlackHawk SCBA is available in both low-pressure (2216 psi) and high-pressure (4500 psi) operating systems. Carbon-fiber cylinders available for use are:

- L-30 Stealth (Low Pressure)
- H-30 Stealth (High Pressure)
- H-45 LP Low Profile Stealth (High Pressure)
- H-60 Stealth (High Pressure)

## NBC GAS MASKS & NBC COMMUNICATION

### BlackHAWK® Tactical Air Mask

#### Ultra Elite® Facepiece

The BlackHawk Tactical Air Mask uses the MSA Nightfighter® HUD as a silent low-pressure warning device and as a cylinder pressure gauge. There is no audible pressure warning device on this unit that would compromise concealment.

#### Advantage® 1000 Riot Control Gas Mask

##### Features

- Durable Hycar rubber facepiece
- 40% Lighter Than Conventional Full-face Respirators
- Flexible, 1-piece Polyurethane Lens
- Wide Field of Vision
